# Compound Interest

Sheet 2

A) Find the amount, principal, or interest.

1) Amount = \$22,809

Principal = \$19,325

Interest = \_\_\_\_\_

2) Amount = \$6,162

Interest = \$1,912

Principal = \_\_\_\_\_

3) Principal = \$7,000

Interest = \$3,200

Amount = \_\_\_\_\_

4) Amount = \$7,891

Interest = \$5,700

Principal = \_\_\_\_\_

5) Amount = \$1,400

Interest = \$570

Principal = \_\_\_\_\_

Interest = \$2,200

Principal = \$893

B) Complete the table

S.No	Amount	Principal	Interest
1)			
2)		\$5,700	\$2,779
3)	\$18,290		\$7,565
4)		\$4,300	\$665
5)	\$5,813	\$5,000
