## Mastering the Shift in Verb Tense

The term "**shift in tenses**" refers to the change from one verb tense to another. Unless there is a shift in time, the tense in a sentence shouldn't be changed; or else it'll stop the meaning of the sentence being expressed clearly.

**Underline the shifts in the verb tenses, and write whether they are appropriate or inappropriate.**

- 1) Last week, Bill and Olivia practiced skateboarding techniques; they have now got a lot better.
