Find Radius/Diameter

Find the radius/diameter of the following circles whose circumference is given:

Circumference= 12π m

Work Space

Radius= _____

Circumference= 9π inches

Diameter= _____

Circumference= 15π m

Radius= _____

Circumference= 10π cm

Diameter= _____

Circumference= 11π m

Radius= _____

Circumference= 14π miles

Diameter= _____

Student Name: _____

Score:

Answers

Circumference = 12π m

Radius = 6 m

Circumference = 9π inches

Diameter = 9 inches

Circumference = 15π m

Radius = 7.5 m

Circumference = 10π cm

Diameter = 10 cm

Circumference = 11π m

Radius = 5.5 m

Circumference = 14π miles

Diameter = 14 miles
