Score: _____

Volume of Cube Worksheet

Calculate the volume and approximate your answer to the nearest hundredth:

Side = 5.1 cm Volume = _____	Side = 4.2 inches Volume = _____
Side = 7.34 ft Volume = _____	Side = 2.05 yards Volume = _____
Side = 19.4 inches Volume = _____	Side = 8.88 m Volume = _____
Side = 26.2 mm Volume = _____	Side = 15.5 cm Volume = _____

Student Name: _____

Score: _____

Answers

Side = 5.1 cm	Side = 4.2 inches
Volume = 132.65 cm^3	Volume = 74.09 in^3
Side = 7.34 ft	Side = 2.05 yards
Volume = 395.45 ft^3	Volume = 8.62 yd^3
Side = 19.4 inches	Side = 8.88 m
Volume = 7301.38 in^3	Volume = 700.23 m^3
Side = 26.2 mm	Side = 15.5 cm
Volume = 17984.73 mm^3	Volume = 3723.88 cm^3
