

Name : _____

Counting Squares

L2S1

Find the area of each shape by counting the squares.

1)

Scale :  = 4 ft²

Area = _____

2)

Scale :  = 5 in²

Area = _____

3)

Scale :  = 4 yd²

Area = _____

4)

Scale :  = _____

Area = _____

Scale :  = 2 ft²

Area = _____

7)

Scale :  = _____

Area = _____

Scale :  = 5 yd²

Area = _____

10)

Scale :  = 2 in²

Area = _____

11)

Scale :  = 3 yd²

Area = _____

12)

Scale :  = 2 ft²

Area = _____

Counting Squares

Find the area of each shape by counting the squares.

1) Scale: $\square = 4 \text{ ft}^2$

Area = 48 ft^2

2) Scale: $\square = 5 \text{ in}^2$

Area = 125 in^2

3) Scale: $\square = 4 \text{ yd}^2$

Area = 36 yd^2

4) Scale: $\square =$

Area = 75 i

Scale: $\square = 2 \text{ ft}^2$

Area = 40 ft^2

7) Scale: $\square =$

Area = 80 f

Scale: $\square = 5 \text{ yd}^2$

Area = 40 yd^2

10) Scale: $\square = 2 \text{ in}^2$

Area = 32 in^2

11) Scale: $\square = 3 \text{ yd}^2$

Area = 45 yd^2

12) Scale: $\square = 2 \text{ ft}^2$

Area = 24 ft^2
