

Name: _____

Division

Sheet 1

Divide and verify your answer.

1)

$$5 \overline{) 179}$$

2)

$$3 \overline{) 281}$$

3)

$$9 \overline{) 594}$$

4)

$$6 \overline{) 966}$$

5)

$$2 \overline{) 415}$$

6)

$$7 \overline{) 608}$$

7)

$$8 \overline{) 327}$$

8)

$$4 \overline{) 892}$$

9)

$$5 \overline{) 783}$$

Name: _____

Answer key

Division

Sheet 1

Divide and verify your answer.

1)
$$\begin{array}{r} 35 \text{ r } 4 \\ 5 \overline{) 179} \end{array}$$

$$5 \times 35 + 4 = 179$$

2)
$$\begin{array}{r} 93 \text{ r } 2 \\ 3 \overline{) 281} \end{array}$$

$$3 \times 93 + 2 = 281$$

3)
$$\begin{array}{r} 66 \\ 9 \overline{) 594} \end{array}$$

$$9 \times 66 + 0 = 594$$

4)
$$\begin{array}{r} 161 \\ 6 \overline{) 966} \end{array}$$

$$6 \times 161 + 0 = 966$$

5)
$$\begin{array}{r} 207 \text{ r } 1 \\ 2 \overline{) 415} \end{array}$$

$$2 \times 207 + 1 = 415$$

6)
$$\begin{array}{r} 86 \text{ r } 6 \\ 7 \overline{) 608} \end{array}$$

$$7 \times 86 + 6 = 608$$

7)
$$\begin{array}{r} 40 \text{ r } 7 \\ 8 \overline{) 327} \end{array}$$

$$8 \times 40 + 7 = 327$$

8)
$$\begin{array}{r} 223 \\ 4 \overline{) 892} \end{array}$$

$$4 \times 223 + 0 = 892$$

9)
$$\begin{array}{r} 156 \text{ r } 3 \\ 5 \overline{) 783} \end{array}$$

$$5 \times 156 + 3 = 783$$
