

Name : _____

Division - Arrays

How many rows are there in the array? _____

How many columns are there in the array? _____

How many shapes are there in the array? _____

Write the division sentence that represents the array.

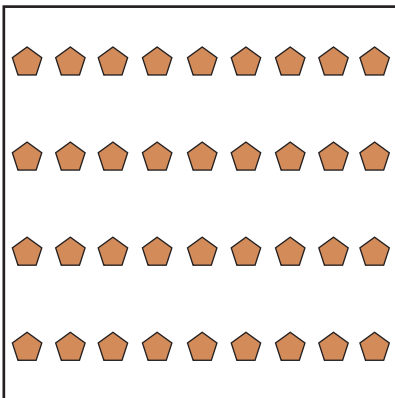

How many rows are there in the array? _____

How many columns are there in the array? _____

How many shapes are there in the array? _____

Write the division sentence that represents the array.

How many rows are there in the array? _____

How many columns are there in the array? _____

How many shapes are there in the array? _____

Write the division sentence that represents the array.

How many rows are there in the array? _____

How many columns are there in the array? _____

How many shapes are there in the array? _____

Write the division sentence that represents the array.

Name : _____

Division - Arrays

How many rows are there in the array? 6

How many columns are there in the array? 3

How many shapes are there in the array? 18

Write the division sentence that represents the array.

$18 \div 3 = 6$ (or) $18 \div 6 = 3$

How many rows are there in the array? 2

How many columns are there in the array? 8

How many shapes are there in the array? 16

Write the division sentence that represents the array.

$16 \div 8 = 2$ (or) $16 \div 2 = 8$

How many rows are there in the array? 4

How many columns are there in the array? 9

How many shapes are there in the array? 36

Write the division sentence that represents the array.

$36 \div 9 = 4$ (or) $36 \div 4 = 9$

How many rows are there in the array? 7

How many columns are there in the array? 5

How many shapes are there in the array? 35

Write the division sentence that represents the array.

$35 \div 5 = 7$ (or) $35 \div 7 = 5$
