Write the fact family living in each house.

1) 45
   5 \times  \square = \square
   \square \times  \square = \square
   \square \div \square = \square
   \square \div \square = \square

2) 18
   3 \times  \square = \square
   \square \times  \square = \square
   \square \div \square = \square
   \square \div \square = \square

3) 82
   2 \times  \square = \square
   \square \times  \square = \square
   \square \div \square = \square
   \square \div \square = \square

4) 99
   11 \times  \square = \square
   \square \times  \square = \square
   \square \div \square = \square
   \square \div \square = \square

5) 28
   4 \times  \square = \square
   \square \times  \square = \square
   \square \div \square = \square
   \square \div \square = \square

6) 64
   8 \times  \square = \square
   \square \times  \square = \square
   \square \div \square = \square
   \square \div \square = \square
Write the fact family living in each house.

1) 45
   5 \times 9 = 45
   9 \times 5 = \_
   45 \div 9 = \_
   45 \div 5 = \_

2) 18
   3 \times 6 = 18
   6 \times 3 = \_
   18 \div 6 = \_
   18 \div 3 = \_

3) 82
   2 \times 41 = 82
   41 \times 2 = \_
   82 \div 41 = \_
   82 \div 2 = \_

4) 99
   11 \times 9 = 99
   9 \times 11 = \_
   99 \div 9 = \_
   99 \div 11 = \_

5) 28
   7 \times 4 = 28
   4 \times 7 = \_
   28 \div 7 = \_
   28 \div 4 = \_

6) 64
   8 \times 8 = 64
   8 \times 8 = \_
   64 \div 8 = \_
   64 \div 8 = \_
