

Name : \_\_\_\_\_

# Relative Frequency

1) Jenna flipped a coin 50 times, and it landed on heads 20 times. Determine the relative frequency of getting heads.

\_\_\_\_\_

2) A die was rolled 75 times, and the number 4 appeared 15 times. Determine the relative frequency of not rolling a 5.

\_\_\_\_\_

3) Little Nathan has a bag of orange-flavored candies.

\_\_\_\_\_

4) A tub of marbles is used in a math lesson. A marble is randomly selected, its color is recorded, and then it is returned to the tub. This process is repeated 10 times. Answer the following questions.

Color	Frequency

- i) Determine the relative frequency of picking a blue marble.
- ii) What is the relative frequency of picking a marble that is not blue?

iii) Find the relative frequency of picking a marble that is not blue. \_\_\_\_\_
