

Name : _____

Perimeter of a Kite

Find the indicated side length of each kite from the given perimeter.

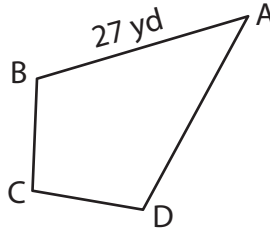

1)

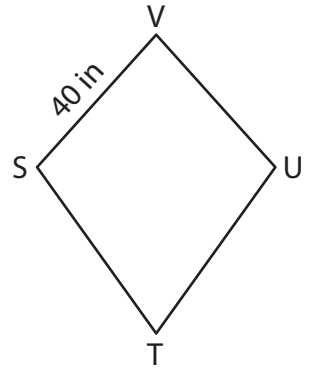

Perimeter = 150 ft

KN = _____

2)

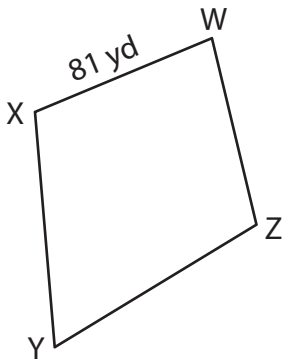

3)

Perimeter = 172 in

TU = _____

4)

Perimeter = 352 yd

YZ = _____

Perimeter = 242 ft

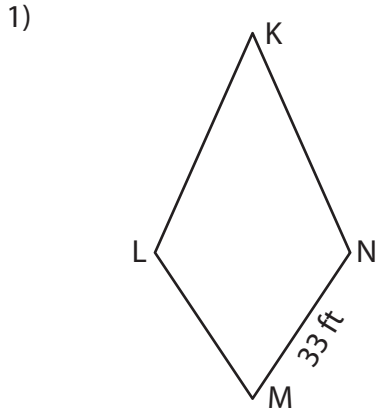

RS = _____

7) CDEF is a kite. Its perimeter is 180 cm. What is the length of side CD, if EF = 30 cm?

8) The perimeter of kite RSTU is 132 yards. What is the length of TU, if RS = 29 yards?

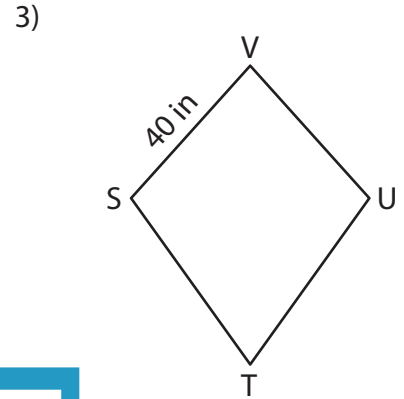

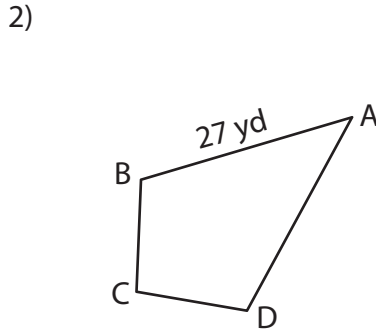

Perimeter of a Kite

Find the indicated side length of each kite from the given perimeter.

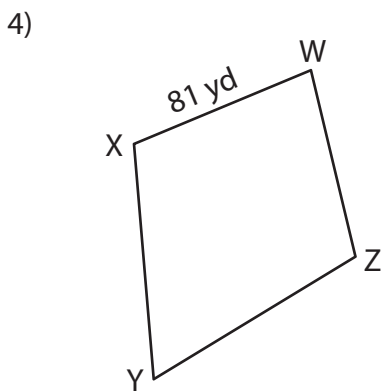

Perimeter = 150 ft

KN = 42 ft

Perimeter = 172 in

TU = 46 in

Perimeter = 352 yd

YZ = 95 yd

7) CDEF is a kite. Its perimeter is 242 feet. What is the length of side CD, if EF = 61 feet?

61 feet

8) The perimeter of kite RSTU is 132 yards. What is the length of TU, if RS = 29 yards?

37 yards
