

Ansel Adams, Great American Photographer

by Guy Belleranti

Do you like taking pictures? If you answered yes, you're not alone. Many people do.

One of the world's most famous photographers was a man named Ansel Adams. Ansel Adams was born in San Francisco in 1902. He was perhaps America's greatest photograph

Adams had trained to be a pianist when he was young. However, his love for the outdoors and photography soon became more important. He loved climbing mountains. He was the first person to climb some of the peaks in the Sierra Nevada.

In 1932, Adams co-founded a photography group. It was called f/64. Here, he developed zone exposure. This method helped photographers get maximum tonal range with black and white film.

e. He loved nature. He main subjects were

Name : _____

As time went on Adams' photographs became famous. They presented awesome landscapes. They included Yosemite in California and the Grand Canyon of Arizona. Today, copies of his photos can be seen in many places. You may have seen some in National Park visitor centers. If not, you can find them in books or on the internet.

Some people criticized Adams for not including humans in most of his nature photos. They said his photography showed a wilderness that was disappearing. However, Adams' work led to the protection of many beautiful areas. One area was Kings Canyon. In 1940, it was made a National Park. Indeed, Ansel Adams believed people could and should

With the coming of World War II, Pearl Harbor had been attacked. Many people were taken from their homes and sent to camps.

This upset Adams. He wanted to show the world the beauty of California. The camp's visitor information center was destroyed. He wanted to live there. He wanted to show the world the beauty of California. American citizens still

Ansel Adams received the Presidential Medal of Freedom. In 1980

of Freedom. When he died in 1984 a beautiful area in California's Inyo National Forest was renamed the Ansel Adams Wilderness. A year later, an 11,760 foot peak in the Sierra Nevada was named Mount Ansel Adams.

5) Compare and contrast the information you just read in the text.

Ansel Adams, Great American Photographer

1) Illustrate how the idea of nature as an important resource of photography is introduced and elaborated in the text.

Ansel wanted to capture nature in his photographs. His main subjects were great outdoor landscapes. Later, inspired by the book about Sierra Nevada wilderness, Ansel visited the Yosemite National Park. Ansel's joining the Sierra Club, which protected the world's natural wonders is just another instance.

2) How does the author describe the impact of Ansel Adams' work on humans?

The author rejected the idea that humans should protect many natural areas. Also, his portraits of the American West depicted images that were not seen before.
