

Name : _____

Metaphors

A **metaphor** is a direct comparison of two different objects. Unlike similes, metaphors don't use "like" or "as" for the comparison, and equate one object with the other directly.

Example: The Sun, Golden ball

The Sun is a golden ball.

Make your own metaphor with each pair of words.

1)

tears, raindrops

2)

lightning, fireworks

3)

lawn, green carpet

4)

stars, sparkling diamonds

5)

eyes, fireflies

6)

classroom, zoo
