# Making Predictions

Sheet 2

Match each scenario to the most logical outcome.

1)

The classroom lights dim, and the students face the projector screen.

He is getting ready for a test or presentation.

2)

Ben keeps re-reading his notes and tapping his foot.

He is nervous.

3)

The ice cream on the table is melting quickly.

It is too hot to watch a video.

4)

The baby is reaching for the hands and smiling.

He wants everyone to lower their hands.

5)

The librarian reads "Quiet, Please."

The ice cream is melting too long and will soon melt completely.
