

A **comma** is a punctuation mark used to separate words or groups of words in a series.

Example: Ashton has to type the report, organize the conference room, and take notes at the meeting before leaving for the day.

Ashton has to type the report, organize the conference room, and take notes at the meeting before leaving for the day.

PREVIEW

Insert commas as appropriately in each of the sentences.

1) I saw Mary, Melisa and Michael at school today.

2) Morgan called his mother, his father and his brother.

3) Cookies, cakes, ice cream and fruit are all delicious.

4) Natasha has two brothers, a sister and a dog.

5) We know that Ray is delightfully handsome, charmingly funny and admirably kind.

6) Aunt Mary, Uncle Jerome, Grandma Carly and Grandpa Jake are all coming with us.
