1) Henry ordered a sausage roll and a sundae delight. He left the change as a tip. How much money did he have initially?

2) Danny and his friends ordered 2 hamburgers, 3 crisps, and a sundae delight at "Dave's Food Haven." How much money did they spend?

3) After buying a soup bowl and 3 hamburgers, Jerry had \$4.50 left. How much money did he have initially?

4) Andrew bought sundae delights worth \$90.00. How many sundae delights did he purchase?

5) Kevin wants to buy either 3 crispy fries or 5 grilled toasts. Which option costs him less?
