Menu:

-  \$7.25/cup
-  \$3.50/cup
-  \$2.25/cup

1) Harry bought 4 cups of "Tropical Twist". Who spent more?

2) Edna bought "Mango Madness" for \$30.00. If she didn't get a discount, how many cups could she have bought?

3) How much money does Sharon need to buy 5 cups of "Peachy Good"?

4) On a particular day, the juice corner made \$90.00 from selling "Mixed Berries." How many cups of "Mixed Berries" were sold?

5) Sam bought 2 cups of juice of the same kind for \$4.50. Which juice could he have bought?
