Number Line Multiplication

Example:

\[ 10 \times 2 = \underline{20} \]

Indicate hops on each number line and complete the multiplication sentences.

1) \[ 7 \times 7 = \boxed{49} \]

2) \[ 2 \times 4 = \boxed{8} \]

3) \[ 3 \times 6 = \boxed{18} \]

4) \[ 1 \times 9 = \boxed{9} \]

5) \[ 8 \times 3 = \boxed{24} \]
Indicate hops on each number line and complete the multiplication sentences.

1) \(7 \times 7 = \boxed{49}\)

2) \(2 \times 4 = \boxed{08}\)

3) \(3 \times 6 = \boxed{18}\)

4) \(1 \times 9 = \boxed{09}\)

5) \(8 \times 3 = \boxed{24}\)
