

## Perimeter of a Parallelogram

Find the indicated side lengths of each parallelogram from the given perimeter.

1)

Perimeter = 20 ft

$x =$  \_\_\_\_\_

DE = \_\_\_\_\_

GD = \_\_\_\_\_

2)

3)

Perimeter = 104 yd

$x =$  \_\_\_\_\_

EF = \_\_\_\_\_

FC = \_\_\_\_\_

4)

Perimeter = 86 in

$x =$  \_\_\_\_\_

ST = \_\_\_\_\_

RS = \_\_\_\_\_
