

Place Value of Underlined Digits

Sheet 1

Identify the place value of the underlined digits.

1) 588,310,478,925 _____2) 67,102,489,003 _____3) 95,978,230,194 _____4) 4,280,175 _____5) 8,609,823,457 _____6) 20,769,513 _____7) 360,457,109,682 _____8) 721,635,847 _____

9) Bill Gates has donated 64,000,000 shares of Microsoft to charity organizations on June 6, 2017. What is the value of 6 in the number 64,000,000?

10) The current population of Asia is 4,517,861,828 as of Monday, October 30, 2017, based on the latest United Nations estimates. Determine the place value of 5 in the number.

Place Value of Underlined Digits

Sheet 1

Identify the place value of the underlined digits.

1) 588,310,478,925 500,000,000,000 or 5 hundred billions

2) 67,102,489,003 7,000,000,000 or 7 billions

3) 95,978,230,194 90,000,000,000 or 9 ten billions

4) 4,280,175 4,000,000 or 4 millions

5) 8,609,823,457 600,000,000 or 6 hundred millions

6) 20,769,513 20,000,000 or 2 ten millions

7) 360,457,109,682 300,000,000,000 or 3 hundred billions

8) 721,635,847 1,000,000 or 1 million

9) Bill Gates has donated 64,000,000 shares of Microsoft to charity organizations on June 6, 2017. What is the value of 6 in the number 64,000,000?

60,000,000 or 6 ten millions

10) The current population of Asia is 4,517,861,828 as of Monday, October 30, 2017, based on the latest United Nations estimates. Determine the place value of 5 in the number.

500,000,000 or 5 hundred millions
