

Observe the figure and answer the following.

1)

- Name the planes.
- Write all the points.
- Write a set of points which are collinear.
- Write any three planes.
- At which line do two planes intersect?

2)

- Name any two line segments.
- Which point is not coplanar with the points U and V?
- Write a set of points which are collinear.
- Name a pair of opposite rays.
- Name the plane in two ways.

Points, Lines and Planes

Observe the figure and answer the following.

1)

- a) Name the planes.
- b) Write all the points.
- c) Write a set of points.
- d) Write any three points.
- e) At which line do they intersect?

Plane T and Plane L

Points A, B, C and D

Points B, C and E

Points A, B and E

Line n

2)
