Figure A is a dilated image of figure B. Find the scale factor.

1) Scale factor = __________

2) Scale factor = __________

3) Scale factor = __________

4) Scale factor = __________

5) Scale factor = __________
Figure A is a dilated image of figure B. Find the scale factor.

1) Scale factor = \( \frac{A}{B} \)

2) Scale factor = \( \frac{A}{B} \)

3) Scale factor = \( \frac{A}{B} \)

4) Scale factor = \( \frac{A}{B} \)

5) Scale factor = \( \frac{A}{B} \)

6) Scale factor = \( \frac{A}{B} \)
