Name : _____

Making Predictions

1)

i) What is the best estimate for the value of y when x equals 16?

ii) If y is 6, what x-value does the scatter plot suggest?
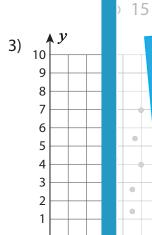

2)

i) Based on the graph, which y-value most likely matches

ii) Using x to b

○ 15   ○ 8

3)

is the most
ate p

○ 6

the   lue o when y
7?

4)

i) If x is

○ 3   ○ 8

ii) Based on the graph, which x-value most likely matches $y = 4$?

○ 2   ○ 8
