1) Provide three examples of things that can be manufactured and marketed.

Garments, furniture and books are a few examples of things that can be manufactured and marketed.

2) Why are goods called tangible?

Goods are tangible because they have a physical form or existence and are capable of being touched.

3) Write any two characteristics of goods.

1. Goods are manufactured.
2. Goods can be returned.

4) Name two services that you cannot return once provided.

Pet grooming and tutoring are services that cannot be returned once provided.

5) How do capital goods differ from consumer goods? Provide a few examples.

<table>
<thead>
<tr>
<th>Capital goods</th>
<th>Consumer goods</th>
</tr>
</thead>
<tbody>
<tr>
<td>Capital goods are fixed goods used in creating other goods.</td>
<td>Consumer goods are final products purchased for consumption.</td>
</tr>
<tr>
<td>Example: machines, buildings, equipment.</td>
<td>Examples: food, clothing, vehicles.</td>
</tr>
</tbody>
</table>
