Atlantic Ocean

The Atlantic Ocean is the second-largest ocean in the world. It influences the weather around the world. The ocean covers about 1/5th of the Earth's surface.

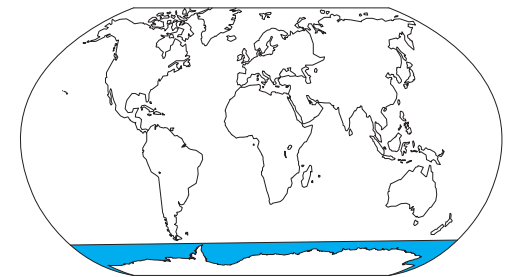

Indian Ocean

Named after the Indian subcontinent, the Indian Ocean is bordered by four continents. It has the highest number of dormant underwater volcanoes.

The Pacific Ocean is the world's largest and deepest ocean. It has 75% of the world's volcanoes. The Portuguese explorer named it "Mar Pacifico".

Southern Ocean

The Southern Ocean is also known as the Antarctic Ocean or Austral Ocean. The newest world ocean completely surrounds Antarctica.
