- 14) Fifty-six passengers board a bus. If 24 of them get off at the next stop, how many passengers remain on board?

**Answer key****2-Digit Subtraction**

No regrouping-horizontal: T2S3

1)  $19 - 18 = 1$

2)  $57 - 32 = 25$

3)  $99 - 85 = 14$

4)  $36 - 30 = 6$

5)  $79 - 55 = 24$

6)  $47 - 13 = 34$

7)  $88 - 73 =$

$71 - 41 = 30$

10)  $64 - 40 =$

$58 - 27 = 31$

13) Tom spent \$10 and  
handed \$29 to the cashier.

How much money will he receive, if he

**He will \$13 in change**

14) Fifty-six passengers board a bus. If 24 of them get off at the next stop, how many passengers remain on board?

**32 passengers remain on board**
