

Name : _____

Surface Area - Cylinder

Sheet 1

A) Find the indicated measure. (use $\pi = 3.14$)

1) Surface Area = 502.4 in^2

height = _____

2) Surface Area = 188.4 ft^2

3) Surface Area = 376.8 yd^2

radius = _____

B) Find the indicated

4) Surface Area = 401.92 in^2

height = _____

6) Surface Area = 320.28 ft^2

radius = _____
