Write a rule to describe each reflection.

1) 2) 3) 4) 5)
Write a rule to describe each reflection.

1) Reflection across the line \( x = -2 \)

2) Reflection across the line \( y = -x \)

3) Reflection across the line \( x = -3 \)

4) Reflection across the line \( x = 4 \)

5) Reflection across the line \( y = 2 \)
