Graph the image of each shape after the given transformation.

1) 90° clockwise rotation about the origin
2) Translate 3 units up and 5 units right
3) Reflection across the line y = –2
4) 90° counterclockwise rotation about the origin
5) Translate 4 units down and 1 unit right
6) Reflect across the line x = 1
7) 90° counterclockwise rotation about the origin
8) Translate 6 units left and 2 units down
Graph the image of each shape after the given transformation.

1) 90° clockwise rotation about the origin
2) Translate 3 units up and 5 units right
3) Reflection across the line y = –2
4) 90° counterclockwise rotation about the origin
5) Translate 4 units down and 1 unit right
