Area = _____ in²

7) The height of a trapezoid is 120 inches, and the area of the trapezoid is 120 square inches. Find the lengths of the parallel bases of the trapezoid in square inches.

Find 120 inches, find the area

8) The lengths of the parallel bases of a trapezoid are 0.3 yards and 0.5 yards. Determine the area of the trapezoid in square inches, if the height is 6 inches.
