

Triangle - Exterior Angles

Find the measure of the indicated angle in each triangle.

1)

$m\angle ACX =$ _____

2)

3)

$m\angle LNX =$ _____

4)

$m\angle TRX =$ _____

3)

$m\angle LNX = \underline{105^\circ}$

4)

$m\angle SRX = \underline{72^\circ}$

$m\angle ECX = \underline{120^\circ}$

7)

$m\angle JKL = \underline{60^\circ}$

$m\angle EGX = \underline{121^\circ}$

$m\angle VTX = \underline{79^\circ}$
