

Triangle - Interior Angles

Find the measure of the indicated angle in each triangle.

1)

$m\angle X =$ _____

2)

3)

$m\angle D =$ _____

4)

$m\angle L =$ _____

$m\angle Q =$ _____

7)

$m\angle U =$ _____

$m\angle H =$ _____

$m\angle Y =$ _____

Triangle - Interior Angles

Find the measure of the indicated angle in each triangle.

1)

$$m\angle X = \underline{\quad 67^\circ \quad}$$

2)

3)

$$m\angle D = \underline{\quad 25^\circ \quad}$$

4)

$$m\angle L = \underline{\quad 73^\circ \quad}$$

$$m\angle Q = \underline{\quad 92^\circ \quad}$$

7)

$$m\angle U = \underline{\quad 59^\circ \quad}$$

$$m\angle H = \underline{\quad 43^\circ \quad}$$

$$m\angle Y = \underline{\quad 34^\circ \quad}$$
