

Congruence Statements

A) Complete each congruence statement.

1) $\triangle UVW \cong \triangle FGH$

$\angle U \cong$ _____

2) $\triangle AOC \cong \triangle BOD$

$\overline{AC} \cong$ _____

3) $\triangle WXY \cong \triangle YZW$

$\overline{ZW} \cong$ _____

4) $\triangle SRU \cong \triangle RST$

$\angle U \cong$ _____

B) Complete each congruence statement.

5)

$\overline{BC} \cong$ _____

7)

$\angle F \cong$ _____

$\overline{VU} \cong$ _____

9) If the triangles JKL and LMN are congruent, what is the corresponding part of $\angle L$?

Congruence Statements

A) Complete each congruence statement.

1) $\triangle UVW \cong \triangle FGH$

2) $\triangle AOC \cong \triangle BOD$

$\angle U \cong \underline{\angle F}$

$\overline{AC} \cong \underline{\overline{BD}}$

3) $\triangle WXY \cong \triangle YZW$

4) $\triangle SRU \cong \triangle RST$

$\overline{ZW} \cong \underline{\overline{XY}}$

$\angle U \cong \underline{\angle T}$

B) Complete each congruence statement.

$\overline{BC} \cong \underline{\overline{DC}}$

$\angle F \cong \underline{\angle P}$

$\overline{VU} \cong \underline{\overline{XW}}$

9) If the triangles JKL and LMN are congruent, what is the corresponding part of $\angle L$?

$\underline{\angle J}$
