

Congruence Statements

A) Complete each congruence statement.

1) $\triangle STR \cong \triangle EFG$

2) $\triangle TUV \cong \triangle VRS$

$\overline{TR} \cong$ _____

$\overline{TU} \cong$ _____

3) $\triangle PRQ \cong \triangle LMN$

4) $\triangle CDE \cong \triangle JKE$

$\angle R \cong$ _____

$\angle E \cong$ _____

B) Complete each congruence statement.

$\angle G \cong$ _____

$\angle D \cong$ _____

$\overline{YZ} \cong$ _____

9) If the triangles ACB and TRS are congruent, what is the corresponding part of \overline{AB} ?

Congruence Statements

A) Complete each congruence statement.

1) $\triangle STR \cong \triangle EFG$

2) $\triangle TUV \cong \triangle VRS$

$\overline{TR} \cong \underline{\overline{FG}}$

$\overline{TU} \cong \underline{\overline{VR}}$

3) $\triangle PRQ \cong \triangle LMN$

4) $\triangle CDE \cong \triangle JKE$

$\angle R \cong \underline{\angle M}$

$\angle E \cong \underline{\angle E}$

B) Complete each congruence statement.

$\angle G \cong \underline{\angle I}$

$\angle D \cong \underline{\angle A}$

$\overline{YZ} \cong \underline{\overline{SR}}$

9) If the triangles ACB and TRS are congruent, what is the corresponding part of \overline{AB} ?

$\underline{\overline{TS}}$
