

Name : _____

Perimeter of a Triangle

Sheet 4

- 1) Jenny displays her family picture in a triangle-shaped paper frame. What is the perimeter of the frame, if each of its sides is 4.6 inches long?

- 2) Kenny runs along a triangular path in the local park. If the lengths of the sides are 0.75 miles, 1.25 miles and 2.3 miles, how much distance does Kenny cover, if he runs twice along the path?

- 3) Allen buys a triangular table. If the lengths of the sides are 1.2 meters, 1.5 meters and 2.0 meters, what is the perimeter of the table?

- 4) Charlotte's herb garden is in the shape of a triangle. If two of the sides are 10.5 yards and 12.5 yards long, and the perimeter of the garden is 33.5 yards, how long is the third side? Determine the perimeter of the garden.

- 5) Elaine makes a flag banner for her daughter's birthday party. The sides of the triangular flag measure 7.1 inches, 7.1 inches and 5.1 inches. Determine the perimeter of the flag.
