

# Trigonometric Ratios

Find all the three primary trigonometric ratios for the mentioned angle.

1)  $\angle C$

---

---

2)  $\angle U$

**Trigonometric Ratios**

Find all the three primary trigonometric ratios for the mentioned angle.

1)  $\angle C$ 

$$\sin C = \frac{7}{25}$$

---

$$\cos C = \frac{24}{25}$$

---

$$\tan C = \frac{7}{24}$$

---

2)  $\angle U$ 3)  $\angle R$ **PREVIEW**

4)  $\angle K$ 

$$\sin K = \frac{\sqrt{21}}{7}$$

---

$$\cos K = \frac{2\sqrt{7}}{7}$$

---

$$\tan K = \frac{\sqrt{3}}{2}$$

---
