A survey was conducted among residents of Pennbrook Apartments to find the popular publications they subscribe to. Represented below are the results of the survey in the form of a Venn diagram.

1) How many residents read either one of these publications - "The New York Times" or "The Wall Street Journal"?

2) The Venn diagram illustrates the number of customers who purchased vegetables, fruits, and dairy products from a supermarket between 8 a.m and 9 a.m on Saturday.

   a) How many customers purchased neither fruits nor dairy products from the supermarket on Saturday morning?

   b) Find the total number of customers who bought dairy products.
1) A survey was conducted among residents of Pennbrook Apartments to find the popular publications they subscribe to. Represented below are the results of the survey in the form of a Venn diagram.

- How many residents read either one of these publications - “The New York Times” or “The Wall Street Journal”?
- How many residents have subscribed to “The Wall Street Journal”?

2) The Venn diagram illustrates the number of customers who purchased vegetables, fruits, and dairy products from a supermarket between 8 a.m and 9 a.m on Saturday.

- How many customers purchased neither fruits nor dairy products from the supermarket on Saturday morning?
- Find the total number of customers who bought dairy products.
