

1) Jane Dawson collected 12 pine cones. Her brother, Kevin collected 8 pine cones. How many pine cones did they collect altogether?

2) Jane and Kevin picked 15 pine cones. Jane manages to gather 8 pine cones. How many pine cones did they collect in total?

3) Mrs. Dawson owned 12 pumpkins on Tuesday and a sale on Thanksgiving Day. How many pumpkins in all are up for grabs?

4) Kevin helps himself to 7 slices of pumpkin pie. Jane cuts out 15 slices for her friends. How many slices of pie do the Dawson siblings portion out altogether?

5) Kevin and his friends raked leaves off the lawn and piled them up in the backyard. Kevin filled 6 trash cans with the leaves and his friends filled 13 trash cans. How many trash cans did they fill altogether?
