

Bar Graph - Bird Sanctuary

Mr. Brandon, a member of staff at Exotic Bird Sanctuary, tracks the number of birds migrating to the sanctuary during Spring. He records the information in a bar graph. Use the graph to answer the questions.

1) Write a number at the end of each bar to display the number of birds of each kind.

2) What is represented along the x-axis of the graph? _____

3) Name the bird that numbers between 10 and 20? _____

4) Which is more: the wood thrush or the Kentucky warbler? _____

5) If six Painted stork flew away, how many birds of this type would be there? _____
