

Name : _____

Interpreting Line Plot

MS2

Edward, a class president kept an attendance record for a small group of students that participated in a five-day team building workshop. Read the line plot and answer the questions.

Team Building Workshop

- 1) How many students attended the workshop on day 5?

- 2) Which days recorded the most students in attendance?

- 3) On which day did eight students attend the workshop?

- 4) How many fewer students were present on day 2 when compared to day 5?

- 5) How many days had less than six students in attendance?
