

Cause and Effect

A **cause** is the reason why something happens.
An **effect** is what happens as a result of the cause.
Example: Children were happy, when they got gifts from Santa.

Read each sentence, and color the cause yellow and effect green.

1) The plants look fresh and green, because Sam waters them every day.

2) He turned on the light, because he heard a strange sound.

3) The man had a headache, because the doctor helped him.

4) The audience was amazed, because the magician's performance was breathtaking.

5) Richard was angry, because he found a note near the beehive.

6) Nathan wanted Jake to meet his family, so he invited him home.

7) Ted was annoyed, since his brother had broken his toy.

8) Bolt practiced hard, and as a result he won the championship.
