## Estimate the Product

Sheet 2

Round each number to its greatest place value and estimate the product.

$$\begin{array}{r} 1) \quad 89 \quad \longrightarrow \\ \times \quad 64 \quad \longrightarrow \quad \times \end{array}$$

$$\begin{array}{r} 2) \quad 207 \quad \longrightarrow \\ \times \quad 593 \quad \longrightarrow \quad \times \end{array}$$

$$\begin{array}{r} 3) \quad 928 \quad \longrightarrow \\ \times \quad 16 \quad \longrightarrow \end{array}$$

$$\times \quad \longrightarrow$$

$$\begin{array}{r} 5) \quad 479 \quad \longrightarrow \\ \times \quad 284 \quad \longrightarrow \end{array}$$

$$\times \quad \longrightarrow$$

$$\begin{array}{r} 7) \quad 37 \quad \longrightarrow \\ \times \quad 11 \quad \longrightarrow \end{array}$$

$$\times \quad \longrightarrow$$

$$\begin{array}{r} 9) \quad 869 \quad \longrightarrow \\ \times \quad 93 \quad \longrightarrow \quad \times \end{array}$$

$$\begin{array}{r} 10) \quad 28 \quad \longrightarrow \\ \times \quad 67 \quad \longrightarrow \quad \times \end{array}$$
