

Identifying Graphs

One-step: S1

Choose the correct graph that best describes the solution for each inequality.

1) $5x \geq 20$ or $x + 14 < 16$

2) $x + 5 > 2$ and $x - 2 < 7$

3) $45 \leq 9x < 63$

≤ -12

5) $\frac{x}{5} > 4$ or $2x >$

$3x > 36$
