

Ordering Integers

Sheet 1

A) Order each set of integers from least to greatest.

1) 98, 5, 46, 19, 77, 24 _____

2) 56, -47, -11, 38, -62, -83 _____

3) -17, -71, 90, -25, -54, -39 _____

4) -31, -64, -95, -58 _____

5) 26, -91, 0, -13, 67 _____

B) Order each set of integers from least to greatest.

1) -66, 82, -41, 8, 50 _____

2) -70, -10, -84, -51 _____

3) 81, 68, 21, -18, 72 _____

4) 2, 48, 37, 85, 53, 6 _____

5) 11, 62, -1, -74, 33, -99 _____

C) The following table represents the average temperature for 6 cities in the month of January. Order the cities from the coldest to the warmest temperatures.

| City | Boston | Arizona | Winnipeg | Oymyakon | Las Vegas | New Delhi |
|------------------|--------|---------|----------|----------|-----------|-----------|
| Temperature (°F) | 29 | 54 | -9 | -50 | 47 | 45 |
