## Bar Graph - Gone Fishing

Sheet 3

In a camp activity, a group of girls and boys went fishing every day Monday through Friday. A bar graph was made to show the number of fish they caught each day. Use the bar graph to answer the questions.

- 1) How many fish did the boys' team catch on Monday? \_\_\_\_\_
- 2) On which days did the boys' team catch more fish than the girls' team? \_\_\_\_\_
- 3) Which team caught more fish on Friday? \_\_\_\_\_
- 4) How many fish did the two teams catch in all? \_\_\_\_\_
- 5) Which team caught the fewer fish in all: the boys' team or girls' team? \_\_\_\_\_
