

# Surface Area - Triangular Prisms

Find the height and calculate the surface area of each triangular prism. Round your answer to two decimal places.

1)

Height (h) = \_\_\_\_\_

Surface Area = \_\_\_\_\_

2)

3)

Height (h) = \_\_\_\_\_

Surface Area = \_\_\_\_\_

4)

Height (h) = \_\_\_\_\_

Surface Area = \_\_\_\_\_

Height (h) = \_\_\_\_\_

Surface Area = \_\_\_\_\_
