

Perimeter of a Parallelogram

Find the indicated side lengths of each parallelogram from the given perimeter.

1)

Perimeter = 110 in

$x =$ _____

YZ = _____

XY = _____

2)

Perimeter = 58 ft

$x =$ _____

PQ = _____

SP = _____

3)

4)

Perimeter = 26 yd

$x =$ _____

CD = _____

DA = _____

Perimeter = 90 in

$x =$ _____

LM = _____

MJ = _____
