Double Line Graph - Adventures Stories

Aiden and Carlos get adventures story books from a book store. The data shows the number of pages read by them per day. Read the data carefully, make an appropriate scale and draw a double line graph. Also label the axes and write a title for the graph.

Day	Pages read by Aiden	Pages read by (Carlos
Day 1	150	125	
Day 2	175	125
